MINT SAUCE THE WINNER.

Broke Track Record in Harlem
Stakes-Pinochle Scound.
Chicago, Sept. 8.—Mint Sance captured the rich Harlem stakes, the feature of Harlem's card this afternoon, and for nine furiougabroke the track record of 150% by going the route in 1521-à, and won ensed up to a common canter. Florizar was the railing favorite, at 9 to 5, and heavily played. Mint Sauce went to the from immediately, and although Found was about the speedlest competitor in the race, he could never reach the pacemaker. All were very tired trying to keep up and Pinochle was gamest at the end, coming strong and beating out Found by a length. Florizar could never get up, and was in fourth position at the finish.
Hattie June, a 200-to-I shot in the second

finish.

Hattie June, a 200-to-1 shot in the second race, acted so budly at the post that the start was delayed 21 minutes. The filly refused to budge after squaring part the grand-stand, and Jockey Moody was forced to lead his mount to the starting point. At every false break she would run a furling and then had to be led back. After the long delay they were finally sent away, and it resulted in a strictly two-house race between Jiminez and Duelist, first and second choices. Although Jiminez is a high-class oit, it took all he had to win by half a singth. Weather clear, track fast, Sum-

By this time David Garrick and Killashandra were racing away three engths in front. Spencer then set down to ride but Pullman brought Garrick into the stretch a length and a haif in front of Killashandra, who was the same distance from Duoro and Ethelbert, neck and neck behind her. Maid of Hariem and King Bramble were elrendy beaten. Down through the stretch they came. Ethelbert and Duoro passed Killashandra and set sail for the flying leader, but all too late. Builman kept his mount going and lasted long slough to win by a neck with Ethelbert hily a neck before Puoro. Beau Gallant won the Great Eastern getting up the last stride. Four horses finished heads apart amidst great enthusiasm. Dublin was second and Far Rockaway third. Colonel Padden made the early running and Far Rockaway led in the stretch, but Bullman's strong finish landed Boau Gallant the winner. # CAPTAIN RICE AND

Veteran Owner of the Veteran Revenue and the Honest Jockey Scored in the First Race.

BAKER FOULED NOBLEMAN.

Alice Turner Came to the Rescue of the Talent-May's Bad Ride Let Orris Win From Sprung.

An excellent crowd and fine weather blessed Kinloch track yesterday. The racing was in good order and in most cases the right horse scored.

In many ways it was a notable day. Starting with the first race, the remarkable hings began to happen. Hinkey, "bloomink hold 'Ink," as Ed Fryar calls him, won a race. Then Captain Rice got a bit of the noney with Revenue. It is many, many days since "bloomink held 'Ink" and the gallant Arkansan have been in the money. Hink" was so overjoyed that he almost fell off his horse, Al Lone, at the end,

Curd Gillock gave the talent fits in the second race when he beat the favorite, Tony Lepping, in a gay gallop. Gillock warmed up badly and seemed lame in front, but when he thundered down the stretch he

looked like a race horse.

Berham was much the best horse in the third event. Had he not been he would not have won at all. He was pocketed at the stretch head, and Fallehy gave him a poor finish. But he was lucky and good, and got through there by saving the public a lot of money. Maydine, well liked, ran a very bad race here, and the ride Crowhurst gave El Caney never will get him much.

In the fifth event there was a bad foul, which Judge Burke failed to see. In a hard stringgle down the stretch Mathews tried to get Nobleman through on the rail. May, on W. J. Baker, swerved into Nobleman and threw him out of his stride about two lengths. Though May is hardly good enough of a rider to be able to purposely foul a horse, it did lock like an intential foul at that. Others said that Mathews gave Nobleman what Kalie gave ber false.

Though May is hardly good enough of a rider to be able to purposely foul a horse, it did lock like an intential foul at that. Others said that Mathews gave Nobleman what Katle gave her false switch—a quick snatch—but it looked as if he rode a hard trace and to win. Anyhow, the foul was there, even if the judge did not see it. Baker won by a neck in a hot

not see it. Baker won by a neck in a hot drive. He was meant all right. Maybe Colonel Chinn made a had play when he set McGinn down for his ride on when he set McGhin down for his ride on Paker last week, but it is not apparent that he did. May's ride on this horse was so good that one cannot help neking. Is he purposely or naturally incompsent? Baker will bear watching hereafter. McGhin, McCann and others have ridden him too often. Mr. Benson's good mare Afrec Turner saved the players when she won the fifth race in good style from Mahay, who ran a fine race.

In the final event May, who rode Baker so well, lost the race for Sprung by a very

HINKEY IN THE COIN. MAN'S MAIN MALADIES MASTERED.

I Do Not Treat All Diseases, But Cure All I Treat.

I made up my mind, soon after grad-

uating from college, that no one man

was great enough to master the entire field of medicine and surgery. Many physicians have tried to do this, but they have met with results usually disappointing to themselves and often disastrous to their patients. For this reason I determined early in my professional career to confine my practice strictly to a single line of diseases, and to originating and perfecting cures for them. I therefore treat only what I am absolutely certain that I can posttively cure to stay cured-VARICO-CELE, STRICTURE, CONTAGIOUS BLOOD POISON, NERVO-SEXUAL DEBILITY and all reflex complications and associate diseases and weaknesses of men. To these maladies alone twenty-three of the best years of my life have been earnestly devoted, and on them all my faculties are concentrated. My consultation and operating rooms are thoroughly equipped with every scientific apparatus, instrument and device essential to the most modern methods of practice, and my references, both professional and financial, are among the best citizens of St. Louis and vicinity, who have been cured by me and made happy. I want every afflicted man to fully and freely investigate my treatment. I use no Belt, Specifics, Free Trial Treatments, Electro-Medical Combinations or similar devices, which do not and cannot cure diseases peculiar to men. My education, my experience, my conscience, condemn all such quackery. I treat each case separately, scientifically, closely watching it and carefully following its symptoms with varied remedies through every stage, and stake my reputation on the result. The diseases that constitute my specialties are more fully commented careful perusal of all in need of medical attention

Stricture.

It matters not how long you have suffered from stricture, nor how many different doctors have disappointed you. I will cure you just as certainly as you come to me for treatment. I will not do it by cutting or dilating. My treatment is new, entirely original with me, and perfectly painless. It completely dissolves the stricture and permanently removes every obstruction from the urinary passage. It stops every unnatural discharge, allays all inflammation, reduces the prostate gland when larged, cleanses and heals the bladder and kidneys when trritated or congested, invigorates the sexual organs, and rectores health and soundness to every part of the body affected by the disease.

Nervo-Sexual Debility.

Men, many of you are now reaping the result of your former folly. Your manhood is failing, and will soon be lost unless you do something for yourself. There is no time to lose, Impotency, like all sexual diseases, is never on the standstill. With it you can make

My treatment for weak men will correct all these evils, and restore you to what nature intended-a hale, healthy, happy man, with physical, mental and sexual powers complete.

### Contagious Blood Poison.

On account of its frightful hideousness, contagious blood poison is commonly called the king of all venereal diseases. It may be either hereditary or contracted. Once the system is tainted with it, the disease may manifest itself in the form of scrofula, eczema, rheumatic pains, stiff or swollen joints, eruptions or copper-colored spots on face or body, little ulcers in the mouth or on the tongue, sore throat, swollen tonsils, falling out of the hair or eyebrows, and finally a leprous-like

My special treatment for contagious blood peison is practically the resuit of my life work, and is indersed by the best physicians of America and Europe. It contains no dangerous drugs or injurious medicines of any kind. It goes to the very bottom of the disease and forces out every particle of impurity. Soon every sign and symptom of blood poison disappear completely and forever. The blood, the tissue, the flesh, the bones and the whole system are cleansed, purlfied and restored to perfect health and the patient prepared anew for the duties and pleasures of life,

#### Associate Diseases.

In curing an ailment of any kind I never fail to remove all reflex compli-cations or associate diseases. If the case is Varicoccie, the weakness caused by it disappears. If it is Stricture and has developed in Prostatic, Bladder or Kidney affections, the injured organs are all restored to a perfectly healthful condition. If it is contagious Blood Poison, any and all Skin, Blood and Bone diseases arising from the taint are entirely and permanently eliminated from the system. If it is Impotency, the many distressing symptoms following in its train and indicating a premature decline of physical, mental and sexual power are totally removed and rapidly replaced by the youthful energy of robust manhood. Hence all resulting lile and reflex complications, which may be properly termed associate diseases, and which, in fact, are often more serious than the original ailment that gives rise to them -all, I say, disappear completely and forever with the cure of the main mai-
